Scope of the CFCSA representation contract

Each CFCSA representation contract identifies the legal issues for which the contract was issued (under “Contract Details”). These issues generally involve the removal of a child or children, or a risk of removal of a child or children (current coverage and eligibility guidelines are outlined on the LABC website under [Legal Aid — Representation](#)).

The hours provided under the tariff are intended to provide enough preparation time to complete most CFCSA cases. You are expected to manage the hours available accordingly. General preparation time includes the time needed to prepare for a presentation hearing and at least two additional hearings initiated by the ministry to determine protection. Below are general guidelines on billing hours:

- Hours under the tariff should be sufficient even if multiple presentation hearings are required as a result of re-removals of the child or children.
- Hours under the tariff should be sufficient even if your client needs to be added as a party to the proceeding.
- Generally, the original legal issues and new related issues should be resolved under the initial representation contract. For example, if a re-removal occurs before a Supervision Order is expired, or if another child in the same family is removed at another time, or if another child is

born and removed, you can continue to use the hours available under the tariff within the initial representation contract.

If the available hours become insufficient to deal with the multiple issues within a case, you may request Extended CFCSA Services for additional preparation hours (see the following section).

Extended CFCSA Services

Extended CFCSA Services are available for complex cases that include multiple hearings, removals, children, and/or experts. These additional hours are available when you need more time than was provided on the initial representation contract to resolve either the original legal issues, or related issues that have developed since that contract was issued. Your client must have a current CFCSA representation contract and continue to qualify for legal aid.

To apply for Extended CFCSA Services, please submit a tariff item authorization request via the Lawyer Portal and attach an Extended CFCSA Services Opinion Checklist. This checklist is available in the Lawyer Portal under **Resources — Forms**. You must also ensure that your invoices are up to date.

If you require additional hours to resolve the original or related legal issues and the contract is near the service stop date, request Extended CFCSA Services rather than have your client re-apply for legal aid. If your Extended CFCSA Services request is approved, LABC may adjust your service stop date.

If you are approved for Extended CFCSA Services, you can still use any hours remaining from the initial representation contract.

Closing a CFCSA Representation Contract

A CFCSA representation contract is complete when:

- the child or children are returned without conditions,
- there is a Permanent Transfer of Custody before Continuing Custody Order (s. 54.01) or Continuing Custody Order,
- a Temporary Custody Order or Supervision Order has expired and there is no further ministry involvement,
- your retainer has ended because of a change of counsel or other actions taken by the client, or
- it has been two years since the service start date.

Upon a Temporary Custody Order or a Return Under Supervision Order, your file remains open while waiting for the ministry to act. When you know how the case will proceed, either:

- continue using further hours available under the tariff,
- close the representation contract if the ministry is taking no further action, or

- if necessary, apply for Extended CFCSA Services.

CFCSA representation contracts have a service stop date of two years. If ongoing issues related to the case arise after the contract is closed, LABC will verify that the client still meets coverage and eligibility guidelines and issue a new representation contract as appropriate.

Timekeeping

You must keep typed timekeeping records for each representation contract and retain them for at least five years from the date of payment of the final invoice. When invoicing for services billable on an hourly basis, you must attach a typed timekeeping record that specifies the date(s) and time spent on each task. LABC may ask you to provide additional information about the case or services rendered to date when considering requests for extra fees or Extended CFCSA Services, or as part of our audit process. If you prefer, you may use the LABC timesheet provided in the Lawyer Portal under Resources — Forms.

Billing items

Use the information in this section when billing via the Lawyer Portal.

For CFCSA representation contracts, bill your actual time spent as specified in your timekeeping records, up to the maximum available. Bill all items in hourly increments accurate to 10ths of an hour unless noted otherwise.

When invoicing, enter the service date for attendance items. For preparation items, provide the hours spent per service month.

Note: You will need to request authorization via the Lawyer Portal to bill the following:

- more than the maximum units stated (check each of your contracts in the Lawyer Portal to see the list of tariff items you can bill and the maximum units for each item); and
- a tariff item that does not appear on your contract in the Lawyer Portal (LABC will apply the authorization guidelines as stated in the *LABC Tariffs* for that particular tariff item).
